7. Please provide the real estate and tangible personality tax rate for each taxing district in which Licking Valley has property located.

9. With reference to Exhibit 7, response to Information Request No. 2, provide a comparative schedule showing the amount and percentage expensed for each insurance category during the test period and for the December 1, 1985, to December 1, 1986 policy period. Explain the reason for any difference in the percentages between periods.

11. Give supporting documentation as to the need for and calculation of each fee in your proposed tariff sheet that is new or has been increased.

12. Calculate the revenue impact of each new fee and fee increase, item by item, as well as total revenue increase resulting from fee changes.
